Discussion with Deb Brown - Signage.

Sign ordinance as written is restricting signage for her business.

She would like to work with us, Planning Board, and Chamber to re-work the ordinance to allow businesses ample signage. She is willing to be a member of this committee to accomplish this goal.

We will have copies of the ordinance for the May meeting. Deb said she could have other businesses attend, for that discussion.

Goal discussion.

- 1) Sign ordinance - review, make suggestions to amend
- 2) Make a list of Town events and add descriptions. Determine where to post this list.
